**SALES CHAMPS . . . Torrance High seniors Tom Hardy (left) and George Witz discuss advertising layouts for the 1966 Torrance High yearbook during the school's annual newspaper advertising drive. Hardy and Witz worked a team to solicit merchants in the city for advertising in the yearbook. The duo sold \$900 worth of advertising space while working under the direction of instructor Del Smith. Total sales amounted to \$2,290 worth of advertising space. (Press-Herald Photo)**

## 'Bankwarming' Set to Open Dominguez Branch

An all-day "bankwarming," featuring a contest in which "free samples" of the bank's product will be given away, will highlight opening day activities at Bank of America's new Dominguez Hills branch tomorrow.

Local residents will have the opportunity to participate in a Stardust Satellite contest in which top prizes will be savings accounts. The trick will be to guess how many grains of "stardust" make up the payload of a miniature transparent satellite in the bank's lobby.

First prize for the closest guess will be a \$50 savings account at the branch. Second prize will be a \$25, third prize will be a \$10, and there will be three additional savings account awards.

The contest will begin when the branch opens for business at 10 a.m. on tomorrow and will run for two weeks, ending at the close of business on Friday, Dec. 3.

Following the brief ceremony, the branch will open for business and local residents will be able to participate in an all-day "bankwarming" lasting until 3 p.m. at the new facilities at 18511 South Avalon boulevard.

Refreshments will be provided, as well as, free souvenirs for both children and adults.

"Our entire staff will be ready to welcome everyone in the area to our open house," said Manager Durian. "We have been looking forward to this day for a long time."

THE GALA occasion will be highlighted by the traditional ribbon cutting ceremony at 9:50 a.m. by Manager Kenneth Durian. Civic and bank dignitaries on hand will include William Joneli, Dominguez Chamber of Commerce president; R. B. "Buzz" Keith, Carson Chamber of Commerce president; and Vice President John Minehan, who will represent Bank of America's senior management from Los Angeles Headquarters.

## Procedures for Inquest Examined by Supervisor

Overhaul of the County Coroner's inquest procedures has been called for by Supervisor Kenneth Hahn.

At issue are qualifications for a coroner, which Hahn wants to be equal to those of a judge — a minimum of five years as an attorney in California and membership in State Bar.

"The inquest deputy sits as a judge at the inquests and must cross-examine, rule on evidence and other points of law that a judge has to rule on in a courtroom," Hahn said.

Coroner's juries were picked at random at one time. This procedure has, however, been changed to reflect selection of jurors from the same lists — voter registration lists — used by the courts.

Coroners exercised broad power and duties under the English monarchy and served as one of the most important of civil officials in the English shires. Even in early California, coroners held broad powers.

## Accountants To Hear Talk On 'Control'

Members of the Palos Verdes-Torrance Chapter of the National Association of Accountants will be presented an address by Maurice B. T. Davies at the regular monthly meeting to be held Tuesday at the Jump 'n' Jack Restaurant. The topic will be "Organization as a Basis for Control."

A partner in the firm of Lybrand, Ross Bros. & Montgomery Davies will demonstrate how to analyze, evaluate and improve the organization of a business to provide more effective financial and operational control.

A STATE law still exists which provides for the county coroner to succeed a sheriff should he die in office or otherwise be removed from office. Hahn has urged the State Legislature to change this statute to provide for the undersheriff to succeed a sheriff.

Hahn, calling the function of the coroner's office a "vital function," said he felt "the highest professional standards should be required for the job."

He asked County Counsel Harold Kennedy and District Attorney Evelle J. Younger to study the procedures of the coroner's office and report to the Board of Supervisors.
